

Important Information

In order for Elements Gymnastics Academy to obtain their GYMMARK accreditation they must abide by Welsh/British Gymnastics Policies and Procedures as well as their own. This will maintain the clubs and members safety.

To continue / become a member of the club please abide by the clubs Welsh/British gymnastics policies by following the steps below.

BRITISH GYMNASTICS MEMBERSHIP INSURANCE

Members must register their gymnasts online with British Gymnastics and complete the online process with the yearly insurance fee. This is to protect all members encase of any accidents and injuries, and to also participate in club and WG/BG events. If the child has NO membership insurance, they will not be able to participate at Elements Gymnastics Academy as this puts the club and coaches at liable risk for any accidents or incidents.

CLUB YEARLY MEMBERSHIP

All members pay a yearly club membership fee to renew their club membership / join EGA. The club membership is all for the gymnast's educational purpose and helps them develop all skills and awards that can be achieved within the club.

HEALTH ANS SAFETY

All members who participate at EGA need to be aware of the clubs, WG/BG Health and Safety Policy. All members who participate at EGA must attend their class in the correct clothing attire that is suitable for this sport. This includes high neck t-shirts, shorts, leotards and ¾ length leggings (club kit can be purchased). No jeans and non-fitted tops are allowed to be worn. All members who have long hair from shoulder length onwards must be neatly tied back at all times with all jewellery removed. If this is not abided by, the gymnasts will NOT be able to participate within their class, as the club and coaches' insurances would become void and they would be liable for any accidents or injuries etc.

To prevent all risks please follow the simple steps above!

Thank you for reading.
